Leeba Lessin, chief executive officer, CareMore Health Plan, says, "We are very enthusiastic about Access Express and its successful track record. It will help us continue to provide excellent patient care, and at the same time achieve many administrative and managed care efficiencies."

She adds, "With CareMore's Medicare Advantage members, it is particularly important to proactively identify frail and chronically ill patients, to provide them with specialized treatment plans, and to track data to help improve our outcomes and manage our costs.
